ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water. Do not contaminate water when disposing of equipment wash waters or rinsate.

DIRECTIONS FOR USE

Shake well before using

STOMP effectively controls snails and slugs through direct contact and repellent action, making it an ideal choice for preventive treatment. Active across a wide temperature range, STOMP is safe to use up to the day of harvest.

For immediate control, apply STOMP directly onto snails and slugs. For preventive action, spray directly onto plants as soon as feeding activity is noticed. Applying STOMP in the late evening yields optimal results.

Use STOMP as frequently as needed to maintain control and protect your plants at an application rate between 64-96 fluid ounces per acre in sufficient water for thorough coverage.

USE SITES

Crop Groups 1, 2, 3-07, 4-16, 5-16, 6-22, 7-22, 8-10, 9, 22, 25 & 26 ALL Root and Tuber Veg, Leaves of Root and Tuber Veg, Bulb Veg, Leafy Veg, Brassica Head and Stem Veg, Legume Veg, Forage and Hay Legume Veg, Fruiting Veg, Cucurbit Veg, Stalk, Stem and Leaf Petiole Veg, Herb and Spices crop groups.
